**NEWS AND NEWSWORTHY**

# Happy New Year

*from all your friends and neighbors in WLLO Village!*

## A FEW CHANGES IN THE NEW YEAR

We are pleased to announce that Marjorie Synakiewicz has assumed responsibilities of the Volunteer Coordinator and Lead for service and social volunteers and Diana Fisher for Transportation Coordinator and driving volunteers.

Marjorie was one of WLLO's first volunteers as Co-Chair, during the initial planning stages before WLLO opened. She was also the Outreach Lead, speaking all over our community spreading the concept of the Village movement. She serves on the Village Council and is an enthusiastic supporter of our Village. Many thanks to Marjorie for taking on new additional responsibilities and for being a cheerleader for our community.

Diana is active with Meals on Wheels and her church but decided to join WLLO in January of 2023 as a driver volunteer. In the past year she has driven 624 miles, and spent 104 hours supporting our members. We call that enthusiastic and are so pleased she has agreed to accept more responsibility as Transportation Coordinator. Thanks Diana for taking on additional responsibility and for all you do. We are so lucky to have you in our village.

BEST OF LUCK TO BOTH OF YOU IN THE NEW YEAR!

## JANUARY BIRTHDAY CELEBRATIONS

We're happy to be celebrating birthdays with Claudine W., Jane L., Vicci M., Margie W., Rich B., Joyce M., Susan C., Mary Kay P., Sue D., and Jan S. ## December Birthdays Pictures!

*We don't always remember to take pictures (because we're so enjoying being with you) and not all pictures make the newsletter. However, if we took a picture, we'd be happy to send it to you.*

## MEET AND GREET & VOLUNTEER OPPORTUNITIES

Get to know our villagers better, both volunteers and members

### **WAYNE HATLEY** WLLO Volunteer Since 2019

As a native Oregonian, Wayne grew up in Astoria. Wayne and his wife have lived in West Linn for the past 40 years and his kids attended West Linn High School.,

He volunteers as an all-around handyman and when asked why he chose to volunteer, Wayne says that he loves to solve problems and being a volunteer handy-man has provided an opportunity to be that problem-solver for his neighbors who are in need of help around their homes. Wayne has responded to over a hundred service requests for small inside and outside maintenance jobs regularly putting his

problem solving skills and talents to work. He also brings a great smile and a helpful 'can-do' attitude.

Our members express their sincere appreciation and thanks to you Wayne, for all of your volunteer help, your skill and your kindness. Wayne has helped thirty-two of our members in his time as a WLLO Volunteer.

**THANKS WAYNE, WE ARE SO GLAD YOU ARE PART OF THE WLLO FAMILY!**

### Villages Volunteers

Each and every volunteer is important to our WLLO Village community as we are an all volunteer organization made strong by the relationships between our members and volunteers. Did you know there are approximately 10 hours of preparation, background and administrative volunteer support for every hour of service such as rides or maintenance.

You may have also noticed that many of our volunteers stay with us for years as valued members of our team. If you are a member and have some spare time we would love to have you join our team. If you are reading the newsletter and are not part of WLLO but find us interesting you may want to join as a volunteer. There's no cost to be a volunteer and many rewards.

There are opportunities for:

- ☐ Drivers
- ☐ Administrative Support
- ☐ Computer Gurus, our members need the support
- ☐ Leadership Team Members

And whatever skills you are willing to share, we may be able to use them. To volunteer email [info@wllovillage.org](mailto:info@wllovillage.org) or call and leave a message at 503-308-8223.

## TERRY'S EARTH FRIENDLY TIPS

### HOLIDAY RECYCLING REMINDERS

December, 2023

By

Terence M. Shumaker

[shufly46@comcast.net](mailto:shufly46@comcast.net)

The holidays give us permission to generate the greatest amount of garbage in the shortest amount of time. In fact, in the weeks around Christmas and New Year's Day, garbage increases 25% in the US. That amounts to around 6.5 pounds per person, or about 30 pounds per the average household. And that equates to over 2.8 billion (yes, billion), additional pounds of garbage per week during the holidays.

Similar to the fact that the largest flow of sewerage through the Oregon City wastewater treatment plant is at halftime of Superbowl. It's true.

And the culprits of this garbagemagedon? Wrapping paper, gift bags, tissue paper, food waste and cardboard and plastic boxes.

But lo, we can lessen the load on the landfill and divert some of those raw materials back into the system. And we're proud of the fact that so many of our WLLO members are willing to take the time to follow that path.

And when you're wealthy in years, you deserve to be given the luxury of a reminder now and again. So, let's review as follows: Paper & Cardboard, Glitter, Plastic, Plastic Film, Styrofoam, Glass and Metal.
